Vicon

"
Made for Easy
Machine Control
and Efficient Farming"

Compatible with
**IsoMatch
FarmCentre**

The new IsoMatch Tellus GO+ offers a more powerful processor, allowing for significantly faster responsiveness and increasing the ease of navigation. The IsoMatch Tellus GO+ can now handle demanding applications like IsoMatch FarmCentre, allowing advanced features and remote connection to your implement for a higher yield at less cost.

"*Your first steps*

into Precision Farming"

My way of Farming!

ON/OFF button   Rotary control button   9 pin ISO in cab connection
                                                        for connecting accessories

                                                                        2 USB connections

                                                                        Camera input

7 inch touch screen   Hardware keys with LEDs   Power and ISOBUS   Tractor ECU input signals
                                                       input connection   RS 232 connection for GPS receiver

Benefits

Ease of setting up the machine with the soft keys and simple use of the hard keys and rotary switch for optimal control while driving remains the trademark of the IsoMatch Tellus GO+ terminal, and is testimony to Vicon's commitment to bring farmers the most advanced technologies to improve productivity and efficiency.

· Multiple license available - Tailor your investment to the license you need
· Larger working range - Working range of IsoMatch GEOCONTROL up to 10km
· Quick to use - Fast respons and boot time
· Easy to read – Because of bright display
· Compatible with IsoMatch FarmCentre
· Higher yield and lower costs
