

PRESS RELEASE

Kverneland Group teams up with Giants Software to join Farming Simulator 19

Bringing new Kverneland and Vicon machinery into the game

16.06.2020, Kerteminde, Denmark

The Kverneland Optima RS seeding machine – one of the new machines in the FS19 game

Kverneland Group has teamed up with GIANTS Software to create an exclusive Kverneland and Vicon machinery package for Farming Simulator 2019.

Bringing new virtual farming machinery

Besides developing, producing and selling Kverneland and Vicon machinery Kverneland Group is now also entering the virtual gaming world by joining into the Farming Simulator game. Farming Simulator gives the players a realistic and complete farming experience.

The Kverneland & Vicon Equipment Pack contains a selection of 20 machines like the well-known i-Plough, mowers, spreader, seeders, balers – including a revolutionary non-stop round baler wrapper combination – the FastBale and much more.

With 140 years of experience developing and distributing top-of-the-line machinery, we as Kverneland Group, can offer the players to take their farm to the next level with our Kverneland and Vicon machinery.

The Kverneland & Vicon Equipment Pack will be available as from 16th of June 2020 on PC, Mac, PlayStation 4 and Xbox One! If you own the Premium Edition or the Season Pass for Farming Simulator 19, you can download the DLC for free. The new equipment pack is available on the Farming Simulator [official store](#) now.

Kverneland Group is a leading international company developing, producing and distributing agricultural machinery and services. Strong focus on innovation allows us to provide a unique and broad product range with high quality. Kverneland Group offers an extensive package aimed at the professional farming community, covering the areas of soil preparation, seeding, forage and bale equipment, spreading, spraying and electronic solutions for agricultural tractors and machinery.
