

KVERNELAND FASTBALE  **Premium**

NON-STOP BALER WRAPPER COMBINATION

KVERNELAND FASTBALE Premium

– PRODUCT IMPROVEMENTS

The innovative non-stop baling breakthrough technology reaches the next level of development.

We can all recognize maturity and experience when we see it:

Smooth operation and high reliability during daily work is key expectation for every user. Hand in hand with ease of service and new solutions, it simply aims for “easier customer life”!

Push the limit of baling and wrapping to the next level!

Kverneland FastBale Premium brings enhanced functional reliability across a wide variety of conditions. Smart yet durable solutions are ensuring cost-effective operations at a higher level of productivity. An easier to use solution, offering superior intake capacity and bale formation.

Kverneland FastBale Premium features product news and improvements:

A range of enhancements, including structural upgrades, more precise wrapping, reduced crop pollution... all serve to boost machine stability and performance. Meanwhile, new solutions such as a new knife cassette system, an upgraded pick-up and a clearer user interface are just some of the new features which make FastBale Premium match your needs!

TECHNICAL DATA

Kverneland FastBale Premium	
Bale chamber size (m)	1.23 (wide) x ø1.22
Number of rollers	17 main chamber, 14 pre-chamber (11+3 rollers shared)
Bale dimensions (m)	1.23 x ø1.25-1.27
Pre-chopping system	SuperCut 25 knife, manual selection 6/12/13/25
Binding	Net / Net & Film

NEW!

Unique and efficient round baling Non-Stop technology

Smooth operating film on film binding

Smooth bale transfer in all working conditions

Optimized pre-chamber compression for more efficient bale shape and density

Optimal easy to use full IsoBus control system

Triple rollers pre-stretchers offer high quality wrapping and silage

Increased tractor to machine turning angle for higher manoeuvrability

Unique satellite vertical wrapping combine machine compactness and high output

Enhanced roller crop press with integrated protected bearings

Optimized crop flow thanks DropFloor design and automatic control

Easy operated comfortable knives cassette system with auto knives cleaning cycle
