***FixBale 500 FW***

Fixed Chamber Baler-  
Wrapper Combination

*My way of Farming!*

# FixBale 500 FlexiWrap

## *High capacity for one-man operations*

***High-density baling and safe bale transfer:  
the perfect solution for profi customers!***

### **Two Operations in one for High Efficiency**

The New FixBale 500 FlexiWrap model is designed to ensure high-density baling with fast and accurate bale transfer. This machine offers an integrated solution for baling and wrapping in a single pass, making it perfect for one-man operations.

### **Strong and low profile Stable Chassis**

The newly designed wrap-around frame is optimised for high speed wrapping with its twin satellites technology. The Vicon FixBale 500 FlexiWrap also features a strong and durable tandem axle chassis, ensuring maximum stability.

The 560/45R22.5 flotation tyres also deliver an evenly distributed weight for reduced ground compaction in the field, while also providing greater stability during road transport.

### **Nice Bales come from Good Package**

The recently launched film binding device is providing the Vicon FixBale 500 FlexiWrap the film on film capability, offering firmer easier to stack bales and facilitating the life when it comes to recycle plastic film.

**“Higher output,  
lower labour  
cost”**

### **Vicon FixBale 500 FlexiWrap**
