## KUBOTA RA SIDE DELIVERY RAKE

# Innovate and perform with the new 7.1m Evo rake!

Vicon is proud to present the latest evolution in raking technology with the new 7.1m Evo rake. This new generation the Kubota RA2071T Evo rake, brings many updates and improvements designed to enhance your low cost raking experience. With a fresh design, improved usability, and the same reliable performance, these rakes are set to meet the demands of modern farming.

### **Design updates**

New Design: Featuring a grey main frame and red cover, the new design maintains a familiar look while offering a fresh aesthetic.

Option Package: Includes essential components such as land wheel, front swath board, line safer, and inner wheels for the rotor.

Standard Features: Tandem wheels come as standard, ensuring stability and smooth operation.

### **Enhanced usability**

Drawbar Adjustment: Now comfortably adjustable by crank from the top, easy adaptation to all linkages and conditions.

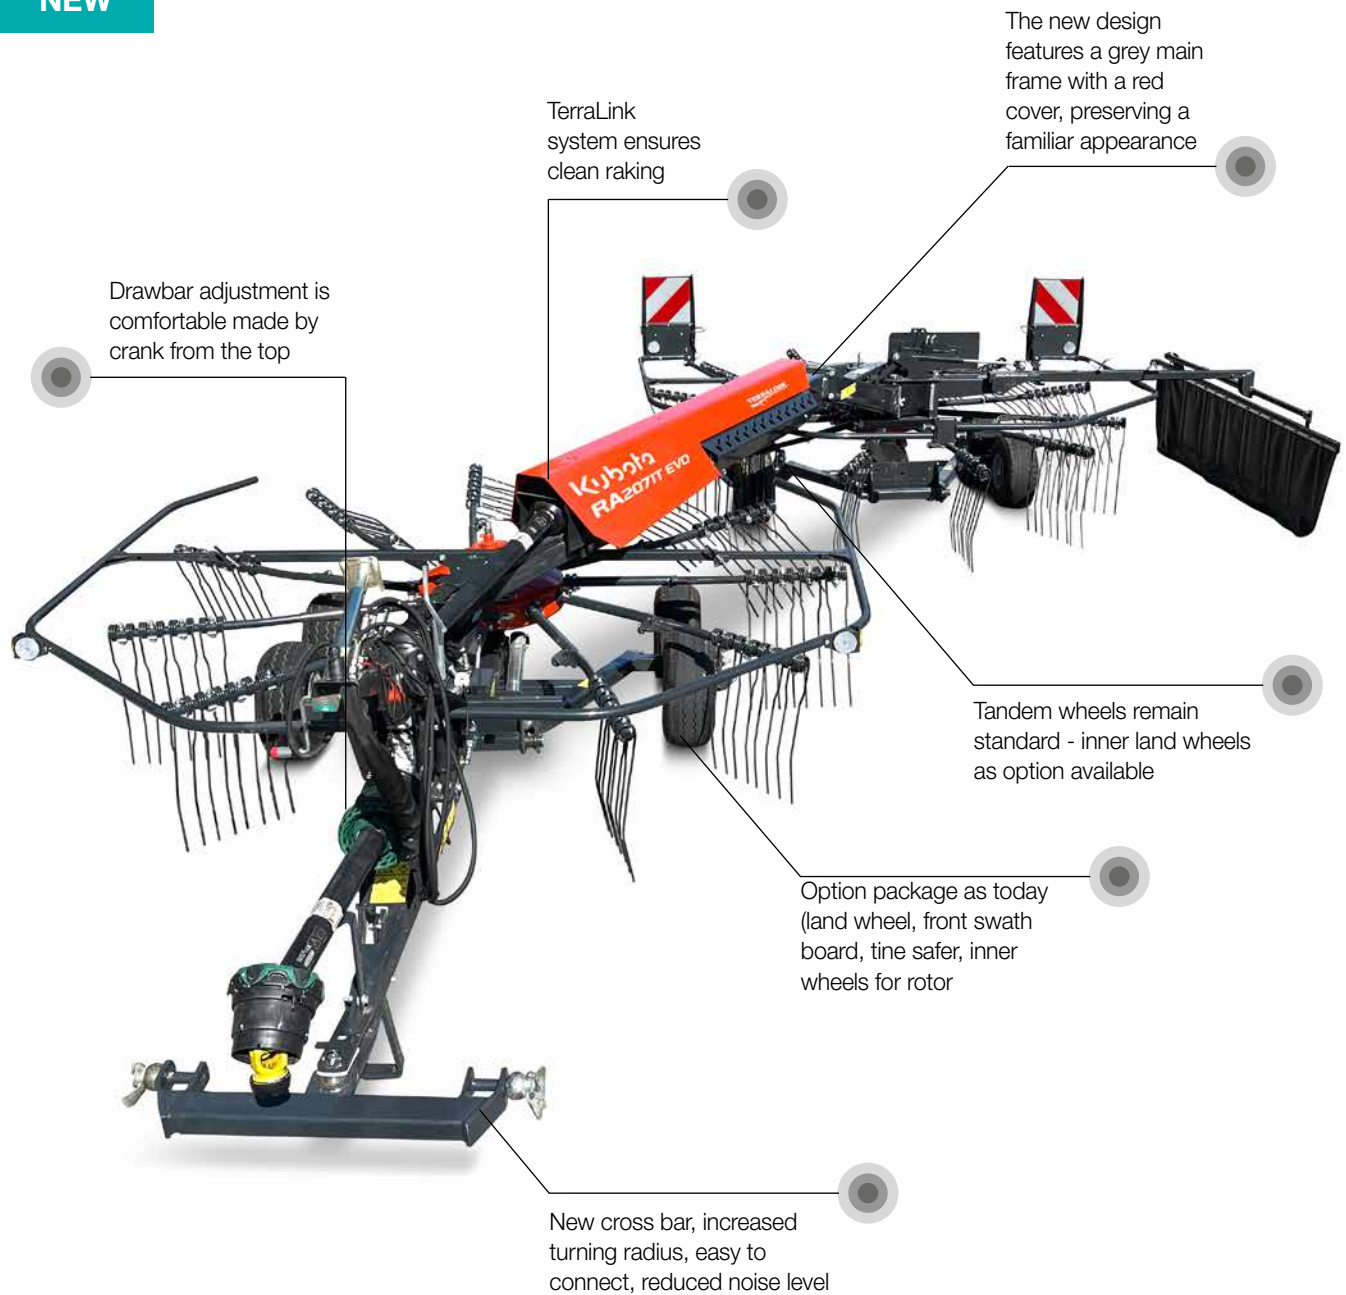

Cross Bar Update: The cross bar has been strengthened, smoothed, and made easier to connect, enhancing overall usability.

### **Performance**

TerraLink System: Well known TerraLink System stays with the machine allowing fast raking and ensuring excellent ground contour following.
